BABES STARVING ASK FOR RELIEF FROM AMERICA

Attorney Ben Stewart, chairman of the executive committee of the campaign for Jewish relief is in receipt of a telegram from Isaac Kuhn, the state chairman at Champaign, showing with forceful appeal the reason why people of Rock Island are being asked to give their money to the cause of the Jewish war sufferers. The telegram, under date of Oct. 27, reads as follows:

"They simply starved to death," was the brief explanation of the cause of death of three children in his uncle's family in Poland in a pitiful letter received by Leo Swerlinsky of Champaign. An appeal for immediate aid was also a touching part of the letter with the statement that if relief is not sent from America, it will be impossible to live through the winter."

The terrible hardships and miseries being endured by the destitute Jews in eastern Europe find an expression in a letter from Pinsk, Poland, which has recently come into the hands of the American Jewish Relief committee in New York. It was written by an eight year old boy there, the eldest of four children whose mother had died of starvation, and who was endeavoring to get into touch with his father in America through the joint distribution committee of American funds for Jewish war sufferers.

"To my dear father if he lives: I am pained to write you that our dear mother died four weeks ago, and we have been left, four children, alone in the world, who do not know where to turn. I beg of you to send us tickets for America, for the four of us are about to die of hunger. We ask you to do this for the sake of our mother, who left us while we are so small. That you be healthy is the wish of your son."

"I am writing this by my own hand. Answer."

With the money raised in the campaign this week the American Jewish relief committee will aid these unfortunate sufferers.
